

Nizza Safety Clog. With back-strap

Sizes: 34 - 48

Available Colours: ● ○

Safety toe cap

A lightweight, washable and ergonomic safety clog, manufactured in one piece through direct injection; superior lightness, flexibility and comfort. There is no stitching or gluing between the upper and the sole. With highly non-slip soles and wide unisex form, it provides support for the foot without compression. Their ergonomic design allows for a balanced distribution of body weight. Its glossy finish that does not age is associated with a modern worker. Codeor Quality products deliver superior comfort, longer resistance and durability.

- Ultra lightweight
- Wide fit sole
- Highly non-skid soles
- Breathable uppers

Made according to the norm CE ISO EN 20 345 SB+E
