

CONFORTINA

Balarina

Confortina Balarina is a sandal shoe producing outstanding comfort, with a soft massage increasing relaxation feelings.

The process of design and confection of **Balarina** is oriented towards obtaining the maximum comfort at your step;

Confortina Balarina are the ideal shoes for people standing long time and anyone needing healthy feet!

- Single moulded units, no stitching or glue means durability and flexibility
- Light and flexible materials on the sole, provide shock absorption, offering a cushioned cradle for your soles.
- Upper material hugs the feet not pressing any part. No pressure points, meaning no marking to your feet and no sore points
- Even distribution of body weight to minimise foot fatigue and lower back pain
- Lightweight
- Non-slip sole.
- Therapeutic and analgesic action that increases blood circulation
- Mono relief cushioning
